TRAINING & CAPACITY BUILDING SERVICES OF NPC

These training programs are aimed at providing participants with state-of-the-art knowledge on various domain, which enables them to diagnose the current performance bottlenecks in any organization, adopt appropriate tools and techniques, and implement applicable solutions for improvement. The participants can practice the techniques learned, carry out self-development plans to guide junior practitioners, and upgrade the level of professional assistance to provide direction and guidance for driving organizational excellence.

It may be noted here that in addition to the following announced training programs at various locations, NPC also takes up customised training programmes of different groups of officials/ executives at chosen location for mutually agreed number of dates. It is also informed that we have large bouquet of e-learning courses and the same can also be offered in a customised manner for a particular group of officials and executives.

During the pandemic period (Post COVID19 era), NPC continued with it's the mandate of Productivity improvement by offering Online Training Sessions & eLearning courses as part of capacity building to empower and transform Students/Professionals into digitally educated leadership & workforce.

NPC has also developed more than 290 e-Learning modules. The eLearning courses developed by NPC cater to the needs of Government, Public & Private Sector organizations encompassing diverse domains. These programs have been developed by amalgamating NPC's vast experience in providing solutions for improving productivity and competitiveness through array of activities. The eLearning courses have been imparted through NPC's learning management system (LMS) with minimal fees. In addition to the above, 400 plus Video Talks are also being offered for watching by the clients at nominal rate of Rs. 99/-. These online courses are becoming popular day-by-day and many new courses shall be added in the same.

About NPC

National Productivity Council of India (NPC), established in the year 1958, is an autonomous organization under Department for Promotion of Industry & Internal Trade, Ministry of Commerce and Industry, Government of India.

Besides undertaking research in the area of productivity, NPC has been providing consultancy and training services in areas of Industrial Engineering, Agri-Business, Economic Services, Quality Management, Human Resources Management, Information Technology, Technology Management, Energy Management, Environmental Management etc., to the Government and Public & Private sector organizations.

NPC is a constituent of the Tokyo-based Asian Productivity Organisation (APO), an Inter-Governmental Body of which the Government of India is a founding member.
