PREAMBLE

The Retirement is one of the most important life events many of us will ever experience. From both a personal and financial perspective, realizing a comfortable retirement is an extensive process that takes sensible planning and years of persistence. Even once it is reached, managing our retirement is an ongoing responsibility that lasts throughout our life.

While all of us would like to retire comfortably, the complexity and time required to build a successful retirement plan can make the whole process seem daunting. However, it can often be done with sound planning and a long-term commitment.

LEARNING OUTCOME

By the end of this Programme, you will be able to:

- Define your 'definition' of retirement
- Better understand of the changes that will affect you and how to best manage them
