E-Learning Course Title: Introduction to Machine Learning

Registration Fee (including GST):-1500/-

About eLearning Program: - This course provides an Introduction to Machine Learning

E- Learning Course Coverage :- This course is covered in 3 modules. Each module introduces and goes in depth of the concepts of Machine Learning. No prior experience is required per se, but some knowledge of programming and Python is highly recommended.

Machine learning is the science of getting computers to act without being explicitly programmed. You will learn about the most effective machine learning techniques, and gain how to go about implementing them.

This course provides a broad introduction to machine learning, datamining, and statistical pattern recognition. Topics include: (i) Supervised learning (ii) Unsupervised learning (iii)Best practices in machine learning
