

Taiwanese Best Practices on Energy Management

eLearning Course Title: Energy Management Professional Short Courses

eLearning Course Type: Free

Course conducted by Group/ Regional Directorate Name:- Sh. KD Bhardwaj, GH , EM, HQ

Name & Designation of Course Coordinator: Sh. Anand Verma, Director, EM, HQ

Course Coordinator Contact Details: 011-24607315

eLearning Program Start Date: 6 May 2024

eLearning Duration: From 6 May 2024 to 30 September 2024

About eLearning Program: -

Capacity building and knowledge dissemination are necessary for industrial deep decarbonization. Since 2021, Delta Electronics Foundation partnered with Chinese National Federation of Industries to offer “Energy Management Professional Course” and relevant certification mechanisms, to help equip personnel with comprehensive knowledge and practical skills in the field of industrial and building energy management. The courses cover energy-saving technologies and applications in power distribution room, data centre and air conditioning system, as well as latest industrial energy-saving technologies, including water pump and air conditioning integration solution, high-speed fluid machinery solution, direct-drive permanent magnet frequency-variable cooling tower solution.

eLearning Course Coverage:-

Modules on power distribution room, data centre, air conditioning system, water pump and air conditioning integration etc

Register in advance for this eLearning program:

Registration Start Date: 1 May 2024

Registration End Date: 5 July 2024
