

horizon has become the necessity for the survival and sustainability of not only industries but all the sectors including the service sector

NPC is in the transit phase of transformation and is getting ready to take-up the new productivity challenges of various sectors to boost the economy. Government has already given role to NPC for nation level interventions in sectors as varied as fisheries productivity, grains and vegetables storage, price stabilization of pulses and vegetables including logistic support, water and energy conservation. Apart from that, NPC has also been recognized as end implementing agency (EIA) for Pradhan Mantri Matsya Sampada Yojna (PMMSY). It has also been granted accreditation confining to ISO 17020:2012 by National Accreditation Board for Certification body (NABCB), Quality Council of India. This will enable us to undertake independent Third Party Audits of food business operators including food storage warehouses.

NPC is also looking forward to organize some events and webinars on the Women Day to be observed on 8th March 2021. Every year the Productivity month in NPC was observed on 12th February and this year the broad theme for the Productivity Month is "Udyog Manthan for Productivity" with the aim to maximize the productivity in all the different sectors across various spheres at its best. NPC with dedicated team of experts is all set to give catalytic effect to the overall recovery of Indian economy. My best wishes to all. – **N K Chanji**

NPC notified as implementing agency under PMMSY

The National Productivity Council (NPC) has been notified as one of End Implementing Agencies under the Pradhan Mantri Matsya Sampada Yojna (PMMSY) umbrella scheme of the Department of Fisheries, Ministry of Fisheries, Animal Husbandry and Dairying, Government of India. The PMMSY has been approved at a total estimated budget cost of Rs. 20,050 crore and aims to bring about blue revolution through sustainable and responsible development of the fisheries sector in India. The PMMSY will be implemented in all the states and UTs for a period of five years from Financial Year 2020-21 to 2024-25.

The NPC has been entrusted to carry out a study on, 'Baseline Survey on Production and Productivity of Inland Fisheries in India' under PMMSY. The study would be conducted in 14 major states of the country producing substantial inland fisheries and would be completed in nine months period. More studies under PMMSY would be awarded to the NPC by the department.

BUILDING A RESILIENT PUBLIC SECTOR IN TIMES OF DISRUPTION

PRoductivity Integrated Monitoring & Evaluation (PRIME) Framework

NPC has been involved in productivity assessments and directly and indirectly Monitoring and Evaluation (M&E) studies and Performance Management various Government funded projects and schemes, as well as private sector initiatives including industrial processes and across supply chains.

Productivity assessment is an integral feature of Monitoring and Evaluation processes. In an alternative viewpoint, it can also be seen that the process of Monitoring and Evaluation leads to identification and introduction of suitable timely interventions in programs and projects that would result in more productive results, outputs and outcomes. It can be emphatically stated in view of national and international experiences that Monitoring and Evaluation enhances the productivity of programs and projects to achieve higher results.
