September 21-25, 2026  
(Goa)

## **1. ABOUT NPC**

National Productivity Council (NPC) is an autonomous organization under the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. The present expertise available in NPC has a resource base of professionals from fields such as Economics, Industrial Engineering, Human Resource Management, Energy, Environment, IT, Project Monitoring and Evaluation, Research Studies and Baseline Surveys. In addition, services of external professionals and subject matter specialists are also sought on need basis, depending upon the nature and scope of work.

NPC extends services from its headquarter at New Delhi and 12 regional offices across the country manned by more than 100 full time professionals. NPC has professionals from diverse fields to provide Consultancy, Capacity Building and Project Monitoring Unit (PMU) services to various organisations including Central Government Ministries and State Governments.

## **2. PROGRAMME THEME**

Artificial Intelligence (AI) enabled Digital transformation is increasingly reshaping how organisations design services, take decisions, manage knowledge, engage stakeholders and improve productivity. Artificial Intelligence (AI) is emerging as a key driver of digital transformation across government, public institutions and enterprises. AI-enabled tools can improve productivity, decision-making, service delivery, knowledge management, automation and stakeholder engagement.

However, successful adoption of AI at the workplace requires appropriate processes, skilled people, quality data, cybersecurity safeguards, ethical practices and effective governance. The programme focuses on building awareness and practical understanding for responsible, secure and value-driven adoption of AI in organisational functions.

## **3. LEARNING OBJECTIVES**

NPC has designed the advanced training program on “Digital Transformation Essentials: Responsible Adoption of Artificial Intelligence (AI) at Workplace” to enable participants to understand the strategic, functional and operational dimensions of AI-enabled digital transformation.

The training program will help participants in understanding and identifying suitable workplace applications of AI and adopting appropriate governance, risk-management and implementation practices for responsible, secure and productive use of AI.

## **4. BROAD PROGRAMME COVERAGE**

The broad topics/ sessions coverage has been listed below: -

- Understanding the role of AI in digital transformation and workplace productivity.
- Understanding Key AI / Machine Learning concepts, Generative AI, and AI-enabled decision support.
- Understanding the Change management, workforce readiness and capacity building.

- Understanding responsible AI principles and ethical considerations.
- Understanding AI-related cybersecurity risks, including legal, compliance and governance considerations.
- Developing an action-oriented approach for responsible AI adoption and implementation.

## 5. METHODOLOGY

Methodology of the training program would be participative in nature. The sessions would be based on conceptual deliberations, case studies, success stories and group exercises/discussions.
