## **1. ABOUT NPC**

National Productivity Council (NPC) is an autonomous organization under the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. The present expertise available in NPC has a resource base of professionals from fields such as Economics, Industrial Engineering, Human Resource Management, Energy, Environment, IT, Project Monitoring and Evaluation, Research Studies and Baseline Surveys. In addition, services of external professionals and subject matter specialists are also sought on need basis, depending upon the nature and scope of work. NPC extends services from its headquarter at New Delhi and 12 regional offices across the country manned by more than 100 full time professionals. NPC has professionals from diverse fields to provide Consultancy, Capacity Building and Project Monitoring Unit (PMU) services to various organisations including Central Government Ministries and State Governments.

## **2. PROGRAMME THEME**

Digital Essential are often described as the skills, knowledge and attitude required to work and live in an increasingly digital world. Digital Essential skills include being able to: use devices like a computer, tablet or mobile phone for simple, personal and work tasks, find and use information on the internet, understand how to be safe and responsible online, communicate socially and professionally using email, messaging and social media.

Digital Essentials skills in the workplace include original content creation, e-commerce, network and information security, UX/UI design, digital marketing, social media marketing, and data analytics.

Digital transformation incorporating Digital Essentials skills is the process of using digital technologies to create new — or modify existing — business processes, culture, and customer experiences to meet changing business and market requirements. This reimagining of business in the digital age is digital transformation.

Generally, in Government (Both State and GOI Departments) and in Public Sector Undertakings, massive transformation is taking place in digital way of working like improving internal processes by leveraging digitization and automation, enabling employees with digital tools, and collecting data to monitor performance and make more strategic business decisions. Digital Transformation involves augmenting physical offerings with digital tools and services, introducing digital products, and using technology to provide global shared services. Now, it has become imperative to understand the challenges in Digital Transformation of an organization.

## **3. LEARNING OBJECTIVES**

NPC has designed the training program to help participants to embrace new technology in the workplace helps to streamline working processes, meaning less time is spent on repetitive tasks.
