

## National Productivity Council

# Training Programme on

**Six Waste Management Rules, 2016 and its amendments**

PROGRAMME CODE: (TP/22-23/116)

11-13 January 2023  
(New Delhi)

## **1. ABOUT NPC**

National Productivity Council (NPC) is an autonomous organization under the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. The present expertise available in NPC has a resource base of professionals from fields such as Economics, Industrial Engineering, Human Resource Management, Energy, Environment, IT, Project Monitoring and Evaluation, Research Studies and Baseline Surveys. In addition, services of external professionals and subject matter specialists are also sought on need basis, depending upon the nature and scope of work. NPC extends services from its headquarter at New Delhi and 12 regional offices across the country manned by more than 100 full time professionals. NPC has professionals from diverse fields to provide Consultancy, Capacity Building and Project Monitoring Unit (PMU) services to various organisations including Central Government Ministries and State Governments.

## **2. PROGRAMME THEME**

In the year 2016, Ministry of Environment Forest & Climate Change, Govt. of India has introduced 6 waste management rules (plastic waste management rules, solid waste management rules, hazardous waste management rules, e-waste management rules, biomedical waste management rules, construction and demolition waste management rules). As per an assessment released by Press Information Bureau (PIB), GOI, dt. 5th April, 2016, around 62 million tonnes of solid waste is generated annually out of which 5.6 million tonnes is plastic waste, 0.17 million tonnes is biomedical waste, hazardous waste generation is 7.90 million tonnes per annum and 15 lakh tonne is e-waste. India is among the top 10 countries in the world generating the highest amount of municipal solid waste, and the bigger problem is that approximately 70-75% of this waste remains untreated. This untreated waste of 31 million is mostly dumped into landfills. The country generates an estimated 150 million tonnes of C&D waste every year, according to the Building Material Promotion Council.

## **3. LEARNING OBJECTIVES**

This training program prepares participants to:

- To build capacity of stakeholders using lectures, audio visual aids and through discussions.
- To draw emphasis on roles and duties of various stakeholders, standards for treating and disposal of wastes, reporting requirements and other elements as given in waste management rules, 2016 and their amendments thereof.
- To understand the scientific waste management process through specific case studies presentation and deliberations.
- To provide insight into various aspects, issues, challenges faced by officials of Corporations, Municipalities & Panchayats, etc and identifying solutions relating to waste management in terms of planning & assessment, generation, segregation, storage, transportation, treatment and scientific disposal, etc.
