## 1. ABOUT NPC

National Productivity Council (NPC) is an autonomous organization under the Department of Promotion of Industry and Internal Trade, Ministry of Commerce & Industry, Government of India. The present expertise available in NPC has a resource base of professionals from fields such as Economics, Industrial Engineering, Human Resource Management, Energy, Environment, IT, Project Monitoring and Evaluation, Research Studies and Baseline Surveys. In addition, services of external professionals and subject matter specialists are also sought on need basis, depending upon the nature and scope of work. NPC extends services from its headquarter at New Delhi and 12 regional offices across the country manned by more than 100 full time professionals. NPC has professionals from diverse fields to provide Consultancy, Capacity Building and Project Monitoring Unit (PMU) services to various organisations including Central Government Ministries and State Governments.

## 2. PROGRAMME THEME

Organizations large and small alike are still grappling with the pandemic and encountering multiple issues related to workplace management, adapting to digital systems, operations and logistics etc that are affecting their overall productivity. Many a times solutions may be simple but identifying the root cause of the problem is a challenge due to inadequate data and lack of knowledge regarding application of Quality Control (QC) tools. Application of QC tools help organizations to improve efficiency in the system, ensure quality and on time delivery of products & services, strengthen the forward and backward linkages, achieve optimum utilisation of Space, Technology & People. Through these organizations will not only attain workplace efficiency but also help employees in experience reduced level of stress and higher morale. Quality Control tools & techniques can be practiced by organizations irrespective of their size or nature of work or type of business viz. manufacturing, financial companies, offices, service organization, educational institutions, private and public organizations etc.

NPC with its vast experience and expertise in training has developed the program “**Quality Control Tools for Organizational Problem Solving**” so that participants with the newly acquired knowledge are motivated to achieve higher productivity, higher quality, higher safety and reduce costs. *The program will train participants in understanding the concepts of Quality Control Tools & Techniques and Data Analysis, equip participants to apply QC Techniques for effectively resolving Organization’s problems.
