

Webinar Title: Implementing Occupational Health And Safety Management System As Per ISO 45001: 2018

Registration Fee (including GST):- Rs 99/-

About Webinar : - ISO 45001:2018 is an International Standard that specifies requirements for an occupational health and safety (OH&S) management system, with guidance for its use, to enable an organisation to proactively improve its OH&S performance in preventing injury and ill-health. Health and safety at work not only save lives, they are essential to effective business performance. ISO 45001:2018 is the first and only International Standard for occupational health and safety (OH&S) management, a result of agreed good practice from around the world.

Following are the benefits of implementing ISO 45001:2018 occupational health and safety (OH&S) management system:

- **Reduce occupational health and safety risk**
- **Prevent work-related incidents**
- **Improve legislative compliance**
- **Improves hazard identification and risk assessment.**
- **Reduces downtime, overall costs of incidents at the workplace and the number of insurance premiums claimed**
- **Boost stakeholder confidence**
- **Increase productivity**
- **Foster management involvement & accountability**
- **Reducing absenteeism and employee turnover rates**
- **Recognition for having achieved an international benchmark**

The documentation, implementation and certification of an occupational health and safety (OH&S) management system as per ISO 45001:2018 standard will be explained in the webinar so the standard can be implemented in true spirit and organizations can take maximum benefits from implementation of occupational health and safety (OH&S) management system based on ISO 45001:2018 standard
