TOTAL PRODUCTIVE MAINTENANCE

About TPM

Total Productive Maintenance is a philosophy aimed at eliminating production losses and keeping equipment in a position to produce at maximum capacity, the expected quality products, with no unscheduled stops.

It talks about better utilization of maintenance and production resources. It helps to get rid of fixed mindset and improves Overall Equipment Effectiveness. Webinar will cover Pillars of TPM, Implementation steps and its importance.

Key Learnings

- ❑ TPM methodology
- ❑ TPM development program
- ❑ Importance of TPM
- ❑ How to increase involvement of resources
- ❑ Success with TPM
- ❑ Practical cases
