Procurement management through GeM

23RD April 2021 | 15:30 Hrs

About the Program

Procurement management is a strategic approach to optimizing organizational spend. It involves sourcing, requisitioning, ordering, inspection, and reconciliation. It means acquiring your goods and services from preferred vendors, within your determined budget, either on or before the deadline. GeM is a short form of one stop **Government e-Market** Place hosted by DGS&D where common user goods and services can be procured. GeM is dynamic, self-sustaining and user-friendly portal for making procurement by Government officers. Public procurement forms a very important part of Government activity and reform in Public Procurement is one of the top priorities of the present Government. Government e-Marketplace (GeM - gem.gov.in) is a very bold step of the Government with the aim to transform the way in which procurement of goods and services is done by the Government Ministries and Departments, Public Sector Undertakings, and other apex autonomous bodies of the Central Government.
